Subject: Next Steps on Formaldehyde

Good Morning Richard,

I wanted to let you know that the IOAA formaldehyde briefing went well yesterday – I am sorry you were not able to participate. We are going to take the feedback from Bob and Bruce and reflect them in the draft of the assessment that is being prepared for Agency (within EPA) review. We expect our documents to be ready for transmittal to EPA IRIS review partners within a month. In the meantime, we will schedule briefings for the various offices – Office of Air is particularly anxious for this briefing.

Please let me know if you need additional information.

Tina
